'Waterproof' Shirt

"Thank you very much for the fine shirt. It fits perfectly. Movement and function were flawless, as was the appearance. No one noticed this was not a 'standard' clothing item. Does not 'snag' on shoulder like cotton sometimes does, nor does it snag on the front when pulling shotgun shells.

I have been shooting CAS for over 13 years, have won World and National SASS titles, and this is the best clothing item I've ever seen
